Rīgas Angļu ģimnāzija – Riga English Grammar School (REGS) - is a public comprehensive school located in Riga (for 1064 students in 37 classes from 7 to 19 y.o.) and provides K12 education as well as extra-curricular activities for local community (in Latvian).

Mission: Our graduates are competitive and responsible people who are self-confident persons - ready for studies, are able to fulfill their potential (knowledge, skills, talents and resources), can work in a team and reach common goals.

There are 92 qualified teachers as well as personal for students who need additional support. The results of graduates are above the national average marks.

Vision: Study process and environment that is based on modern and collaborative teaching and learning where students can acquire high level study skills.

REGS is focused on reinforced English language teaching, content and language integrated learning, as well as on finding new approaches for ICT integration in schooling. School has strong focus on academic proficiency, democracy and intercultural interaction that means development of high level learning skills, critical thinking and skillful communication in English.

Number of students in 2018./2019.school year

Content and Language Integrated Learning (CLIL) is the main strategic priority of REGS. Teachers of REGS have been training for CLIL gradually and in a targeted manner for a number of years - starting

with individual teacher initiatives and attendance of CLIL courses in Latvia, Malta and Great Britain. This school year 60 teachers (from 92 who work at school) already use CLIL methods in their lessons, by developing CLIL methodology and searching the best approaches for implementation of CLIL according to current curriculum, as well as by drafting new curriculum with CLIL.
